

Australian University	Project Title	German project lead institution
Curtin University	Sustainable recycling and recovery of electrode materials from spent lithium-ion batteries	Helmholtz Zentrum Dresden-Rossendorf (HZDR)
Flinders University	Evolutionary adaptations of visual processing strategies	Johannes Gutenberg-University Mainz
La Trobe University	International Collaboration on Digital Health Solutions for Informational Support for Rare Diseases – An Exploratory Qualitative Pre- Study	University of Bayreuth
Monash University	Optimal decision-making in probabilistic multi-agent learning environments	TU Kaiserslautern
Monash University	Long Range Chipless RFID System modelling for Vehicles, Ships and Containers Identification	FOM University of Applied Science
Monash University	Combating superbug infections using systems pharmacology and computer science	University of Konstanz
Monash University	Engineering a multicellular pancreatic cancer model	Leibniz-Institute of Polymer Research
Monash University	Revolutionising phage therapy: Integration of modern pharmacokinetic- pharmacodynamic modelling and systems pharmacology	University of Hamburg
Queensland University of Technology	A cross-country comparison of online audience engagement with Russian foreign media	University of Passau
RMIT	Development of CO2-based thermoplastic polyurethane with tailormade properties and understanding structure-property relationship (CO2–tailor)	RWTH Aachen University
Swinburne University of Technology	Doing fandom differently: discovering new narratives of women fans of women's football in the context of the 2023 FIFA Women's World Cup	University of Hamburg
The University of Adelaide	Value-based foreign economic relations: Human rights, global supply chains and corporate due diligence	Friedrich Schiller University Jena
The University of Melbourne	MUSE-CARE (MUSIC Empowerment of CAREgivers – skill sharing in dementia care)	University of Applied Sciences Würzburg-Schweinfurt
The University of Melbourne	Mapping and modelling the urban forest canopy and ecosystem services over time	Technical University of Munich
The University of Melbourne	Strengthening the modelling of decarbonised energy systems: Evaluating energy resource variability at the utility and consumer scales	DIW Berlin
The University of Melbourne	Development of a Standardised Research Protocol to Induce Emotions and Multimodal Sensing Mechanism to Assess User's True Emotions	LMU Munich
The University of Melbourne	Design and implementation of Mobility Hubs for sustainability and equitable urban access	Technical University of Munich

The University of Newcastle	Ion Flotation of Critical Minerals using the Reflux Flotation Cell	TU Dresden
The University of Newcastle	Novel ultraviolet radiation filters from cyanobacteria	TU Dresden
The University of Newcastle	Preparations for PLATO asteroseismology	Max Planck Institute for Solar System Research
The University of Newcastle	Development of a catalytic system for mediation of fugitive methane emissions	Friedrich-Alexander University
The University of Queensland	Assessing the toxicity and metabolism of New Psychoactive Substances and their presence in wastewater	Helmholtz-Centre for Environmental Research (UFZ)
The University of Queensland	Human-in-the-loop Natural Language Processing in GLAM	University of Potsdam (UP)
The University of Queensland	Using citizen science to benefit nature conservation and human health	Helmholtz-Centre for Environmental Research (UFZ)
The University of Queensland	Resolving the effect of land use change on soil organic matter: How microscale processes contribute to improving soil health and mitigating climate change	Technical University of Munich (TUM)
University of South Australia	Employee responses to age-friendly practices in Australia and Germany	Ludwig-Maximilians-Universitat Munchen
University of Technology Sydney	KOALA: Knowledge graphs for disruption risk identification in supply chains	University of Bonn
University of Technology Sydney	TARMA Terrain-aware Representations for Mapping with robotic teams	German Aerospace Centre (DLR)
